

Over 1,000 exhibitors from more than 40 countries will be present, showcasing their latest products and services. They represent the top international level, with the latest trends and the most significant innovations. New elements to the exhibition will not only be the thematic focal points, but also Hall 8 which is uniquely reserved for the thematic areas of cyber security and economic security as well as for a top-class specialist conference. Finding inspiration for your business at this international hotspot will therefore be even more convenient for you.

MOMENTUM

Secure your Business! Where would it be possible to find greater success than at the leading exhibition for security? security essen has been number one for more than 40 years. Only here the global security market is presented in all its aspects and with this level of breadth. From fire protection to perimeter through to cyber security. Explore our extensive offering and discover future-oriented innovations, make valuable contacts and obtain new specialist knowledge.

Our event highlights 2018

Security Research Area Hall 7
 Alongside the Federal Ministry of Education and Research (BMBWF), renowned companies and institutes are presenting their latest civil security research projects.

Special show in Protection, Security and Service Hall 1
 The industry meeting point for mid-size companies has once again grown in size. Meet all of the notable security service providers.

Global Travel Security Hall 1
 How do you evaluate risks and protect your employees abroad? The experts will provide you with all the answers to this.

Young innovative companies Hall 7
 Visit the joint stand run by the best start-ups, supported by the German Federal Ministry for Economic Affairs and Energy.

Drone Zone Hall 7
 Drone counter-intelligence and surveillance is booming. Information and live display on a daily basis.

Joint stands

Training provider joint stands Hall 1
 Universities, Universities of Applied Sciences, vocational academies and other educational institutions with a focus on "security" will be introducing themselves here.

Fire services joint stand Hall 6
 Numerous laws, directives and standards shape work in fire protection. Get the latest information here.

Our programme 2018

Cyber security conference **NEW** Hall 8
 With technical support from the BSI (German Federal Office for Information Security) and the BHE (German Federal Association for Security Technology), the focus will be on the opportunities and risks presented by cyber security, security in the buildings of the future and much more.

Public security forum **NEW** Hall 8
 In the spacious 300 m2 special show area, everything is about the protection of public spaces. It will involve live scenarios on data protection, IoT and surveillance.

Security Experts Forum Hall 2
 Presentations of brand new products, solutions and services. Talks and discussion seminars to complement the displays.

Fire protection forum Hall 6
 Comprehensive information on fire prevention and fire-fighting with fascinating lectures and discussions.

Fire protection day on 27 September Open-air area
 Experience spectacular live demonstrations.

Discussion circle Internal Security **NEW**
 Presentation of the results from the first Essen Security Conference: Video surveillance in public spaces and security for large events.

Day for vocational training and continuing education on 25 September
 Information and contact platform for trainees, students and those undergoing retraining to work in the security industry.

Tours of the exhibition
 Exhibition tours tailored to different interest groups and visitor groups, e.g. architects.
